# SERVING VETERANS TALKING POINTS

---

- The Home Depot Foundation focuses on providing affordable and accessible housing solutions for our nation's heroes.
- More than 35,000 veterans continue to face homelessness on any given night. To combat veteran homelessness, The Home Depot Foundation supports the new construction and rehabilitation of permanent supportive housing units for veterans.
- The Home Depot Foundation also invests in critical home repairs, such as roof and window replacement, HVAC and radiator repair, ADA enhancements and more, to help ensure safe and affordable living conditions for disabled, senior and low-income veterans.
- Through our smart home program, the Foundation provides mortgage-free smart homes to catastrophically combat wounded veterans. These specially adapted homes fit the individual needs of the veteran homeowner, often with features like widened doorways, wheelchair-accessible kitchens and bathrooms and tablet-controlled air conditioning and lighting.
- Thousands of our store associates volunteer with Team Depot in communities across the country to help ensure our veterans have safe and accessible housing.
- To date, The Home Depot Foundation has donated more than \$500 million to veteran causes – and the Foundation is committed to investing \$750 million by 2030.
